

National Tracking Poll

Project: 190507
 N Size: 2200 Adults
 Margin of Error: ± 2%
 May 02-05, 2019

Topline Report

| Question | Response | Frequency | Percentage |
|----------|---|-----------|------------|
| NMA1 | <i>America's energy grid is rapidly transforming, with many arguing for mandates that would push more renewable fuel sources onto the grid that will require extensive backup generation or battery power. This would take over traditional fuel sources that are capable of supplying energy to the grid at all times. Which of the following comes closest to your opinion, even if neither is exactly correct:</i> | | |
| | Transition to a renewables-based energy grid as quickly as possible | 552 | 25% |
| | Take measured steps to achieve a balance of fuel sources that will maintain reliability and affordability | 1227 | 56% |
| | Neither | 421 | 19% |

Note: Group proportions may total to larger than one-hundred percent due to rounding. All statistics are calculated for registered voters with demographic post-stratification weights applied.
