Find out if a mining career is right for you! Watch this video to learn more about the vast opportunities in this critical industry.

THE BENEFIT

MINING CAREERS OFFER EXCELLENT SALARY AND BENEFITS PACKAGES, CHALLENGING AND INTERESTING WORK, VIBRANT OPPORTUNITIES FOR CAREER ADVANCEMENT AND THE OPPORTUNITY TO WORK IN RURAL OR URBAN ENVIRONMENTS.

THE BRANCHES OF MINING

Metal and coal mining wages are well above the average for all U.S. industries, providing the basis for a comfortable and secure lifestyle. Average annual pay ranges from $102,800 [coal] to $110,600 [metal] and is more than 45 percent higher than the average wage of $70,000 for all U.S. workers.

Many companies offer flexible work schedules and programs dedicated to career and education development with tuition assistance.

You’ll find competitive medical, dental and vision plans as well as retirement savings support, paid time off and other employee assistance programs.

ENGINEERING GEOLOGIST/METALLURGY DATA ANALYSTS

Design mines to safely and efficiently remove minerals for use in manufacturing and utilities.

LEVERAGE YOUR KNOWLEDGE TO HELP MONITOR, PRESERVE AND RESTORE NATURAL RESOURCES WITH CUTTING-EDGE, HANDS-ON FIELDWORK.

ENVIRONMENTAL SCIENTISTS AND SPECIALISTS

Study the Earth’s materials, minerals and rocks.

Electrician Surveyor

Extract insights from data used to increase the efficiency of mineral extraction and improve productivity and safety.

Install, maintain and repair electrical wiring, equipment and fixtures keeping mines safe and operational.

Make precise measurements to determine land boundaries and data relevant to the shape and contour of the land surface.

SURVEY YOUR OPTIONS

Have you ever considered a career in mining? Set aside your perceptions of pickaxes; today’s mining industry is using some of the most advanced technologies in the world to deliver the materials required for virtually every supply chain. The opportunities in this critical—and booming—industry are nearly endless!

A CAREER IN MINING

Join one of America’s most valuable industries.

THE BOOM

MINERAL DEMAND IS EXPECTED TO INCREASE RAPIDLY BETWEEN NOW AND 2030 AS GOVERNMENTS AND INDUSTRIES MOVE TO ELECTRIFY THE ECONOMY.

THE NOISE

Mineral demand is expected to increase rapidly between now and 2034 as governments and industries move to electrify the economy.
